COWS NEED PLENTY OF For Bad Feeling AUBURN, Ala.—Plenty of fresh Due to Constipation AUBURN, Ala.—Plenty of fresh water to drink and fresh air to Yodora is a scientifically compounded Get rid of constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mulfins, of Lais Ark writes: "My husband and I both take Thedford's Black-Draught and find it splendid for constipation, billousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Byrup of Black-Draught, which this mother gives her children, she says "A cow will not drink all the water she needs unless she good results."

Water to drink and fresh air to breath as scientifically compounded white, soft cream—pleasant to use—acts promptly with lasting effect—in strength with lasting effect—will not stain fabrics.

For those who perspire freely whether under the arm, feet or other and large amounts are needed both in feed and liquid form for heavy production of milk," he says. "A cow will not drink all the water she needs unless she be had in both tube and jar form and good results." sion livestock specialist.

For those who perspire freely whether under the arm, feet or other parts of the body Yodora is most valuable. It is a true neutralizer of body odors.

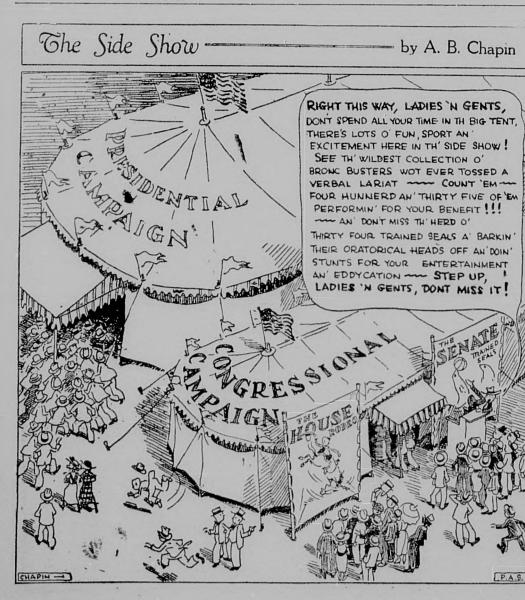

For those who perspire freely whether under the arm, feet or other parts of the body Yodora is most valuable. It is a true neutralizer of body odors.

GULF of

ROM reading the newspapers you'd think that rural electrification is something brand-new. Yet, if you were to take the rural lines built by this Company since it pioneered rural electrification away back in 1923 and place them in a straight line, they would reach from Mobile, Ala., across Mt. McKinley, Alaska, and into the Bering Sea.

And then, if you'd extend the line to include the 3,000 miles of the Yenisei River in Siberia.

Or, if you don't like the direction we suggest, try extending our

So you see thousands of Alabama farmers have been enjoying electric service for years, long before "rural electrification" became a political catch phrase. · Rural electrification is nothing new with us. We went through the "experimentation" period years ago.
